ACTION REQUIRED FOR PROVIDERS CLAIMING THEIR OWN CHILDREN (DUE AUGUST 26, 2022)

This is a reminder that this month, providers currently claiming or wanting to start to claim their own/foster children or residential children need to complete a Meal Benefit Form for us to determine if your own children/foster or residential children will qualify for 2022-2023, based on your household income.

Meal benefit forms are required for providers who:

- Want to claim/continue to claim their own children (biological/adopted) or residential children (children that live in the provider's residence).
- Want to claim their foster child(ren), who live in the provider's residence . Foster children require to have their own meal benefit form (one form per foster child).

For those providers who fall in the categories listed above, the Meal Benefit Form needs to be updated in the month of August. The Meal Benefit Form is due by no later than **Friday, August 26, 2022.**

The Meal Benefit Form was emailed to providers currently claiming children in the categories listed above. If you did not receive the email and wish to apply, you can access the form in the link below:
