USDA Claims Validation Review (CVR) – CACFP

We want to thank all our daycare homes & centers for preparing for the USDA visits last month. One of our sponsored centers was selected to be visited, out of hundreds of daycare facilities in the state of California.

Hrashq Preschool, Inc., Burbank location, was visited by USDA and CDSS. They were praised and commended by USDA and CDSS for their professionalism and being well-prepared. They started in our agency as a daycare home many years ago and as their business grew into a center, they continued under our sponsorship. Hrashq Preschool made a great impression on USDA, the state of California and CACFP.

At Evergreen, we want to extend that thanks to them and appreciate continuing their success in the CACFP as our sponsored center.

Claim Summary and Errors Report

After submitting your meal claim to ECCI, a Claim Summary and Errors Report will be generated. It is the provider’s responsibility to review this report.

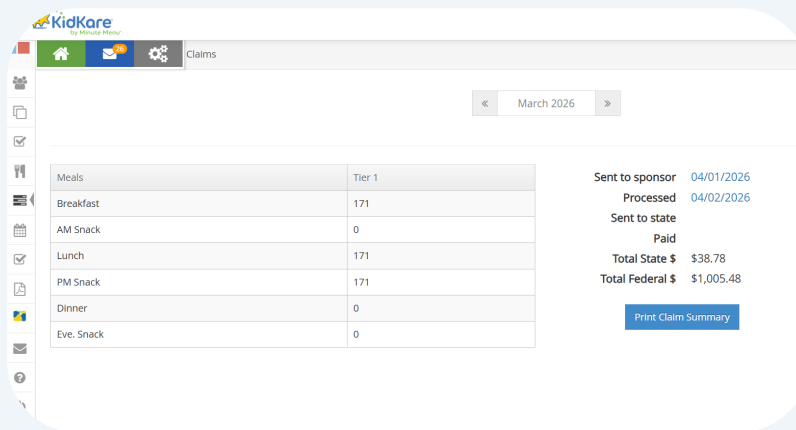

Why It’s Important

By reviewing your Claim Summary and Errors Report, you will be able to:

- Confirm how many meals were processed.
- Identify any meals that were disallowed and the reasons why.
- See the reimbursement amount you are eligible to receive.

How to Access the Report in KidKare

Log in to KidKare. [Go to Food Program > View Claims > Print Claim Summary Report.](#)

The report will be available **2–3 business days** after claim submission.

Best Practice

We strongly encourage all providers to review this report promptly and reach out to us with any questions or discrepancies.

Our goal is for every provider to consistently receive the following message on their Claim Summary and Errors Report:

“CONGRATULATIONS! WE FOUND NO ERRORS ON YOUR CLAIM”

Happy Birthday *Evergreen Providers!*
